Activity 2: Stories Based on Pictures

Materials Needed:
1. Writing utensil (pen or pencil) and paper
2. A picture (either provided here or one of your own)

How do I start my story?
Find a picture, either on the next page or one you have at home.

Ask yourself the following questions:
What or Who is in this picture?
• Are there characters?
• Is there a setting?
• At what point in the story does this picture take place?
• What happened just before this picture was taken?
• What happened right after?

Once you've written a story based on your picture that has all 6 parts of a story...

SUBMIT YOUR STORY for a chance for it to be turned into a picture or performance by High School students with Catholic Extension!
Pictures you can use
